PRODUCT INTRODUCTION

ORASTAIN 100000IU Ointment is an antifungal medication. It is used in the treatment of fungal skin infections. It kills the fungi that cause skin infections and thus treats the infection.

ORASTAIN 100000IU Ointment is for external use only. You should use it in the dose and duration as advised by your doctor. The affected area should be clean and dry before application of the ointment. You must wash your hands thoroughly before and after applying this medicine. To avoid relapse, continue the use of this medicine even if symptoms begin to clear up.

Some common side effects include skin irritation, redness or itching at the site of application. Please consult your doctor if these side effects persist for a longer duration. Avoid direct contact of the cream or ointment with your eyes. In case of direct contact, wash your eyes with water and seek immediate medical attention.

USES OF ORASTAIN OINTMENT

- [Fungal skin infections](#)

BENEFITS OF ORASTAIN OINTMENT

In Fungal skin infections

ORASTAIN 100000IU Ointment is used to treat skin infections caused by fungi. It works by killing and stopping the growth of fungi. This provides relief from various symptoms, such as pain and itching, caused by the infection and speeds up the healing process. You should keep using it for as long as it is prescribed even if your symptoms have gone. This will prevent the infection from coming back. Using this medicine as prescribed may help you feel more comfortable with your skin.

SIDE EFFECTS OF ORASTAIN OINTMENT

Most side effects do not require any medical attention and disappear as your body adjusts to the medicine. Consult your doctor if they persist or if you're worried about them

Common side effects of ORASTAIN

- Application site reactions (burning, irritation, itching and redness)

HOW TO USE ORASTAIN OINTMENT

This medicine is for external use only. Use it in the dose and duration as advised by your doctor. Check the label for directions before use. Clean and dry the affected area and gently massage the ointment.

HOW ORASTAIN OINTMENT WORKS

ORASTAIN 100000IU Ointment is an antifungal medication. It kills fungi by destroying the fungal cell membrane.
